

NOTES FROM CALM:

According to ONS: In the United Kingdom, suicide is defined as deaths given an underlying cause of intentional self-harm or injury/poisoning of undetermined intent.

International Classification of Diseases (ICD) codes used by ONS re suicide are:-

ICD-10 codes

X60-X84 Intentional self-harm
Y10-Y342 Injury/poisoning of undetermined intent

The figures highlighted in yellow are CALM's calculations showing total numbers for both definitions above. These figures are for ages 15 and over.
